

TRIBUTE PAID DEAD PIONEER

Impressive Services Held at Kingston for Capt. John B. Bonner.

MADILL, Feb. 14.—(Special)—Funeral services for Capt. John B. Bonner, who died Friday at his home south of Madill, was held Sunday afternoon from the Church of Christ at Kingston, conducted by LeRoy Elkins, pastor of the Madill church of that faith, followed by interment in the Kingston cemetery. Special music was furnished by a quartette.

Mr. Bonner was a native of Alabama, having been born in Chambers county on March 24, 1849. He enlisted in the Civil war and served as a confederate captain in company L, 7th regiment of Confederate States Cavalry in Robertson's Brigade, Hampton division, Stewart's corps of Gen. Robert E. Lee's army of Virginia, serving throughout the memorable struggle between the North and South.

In 1862 he was married to Miss Martha L. Hill, February 6 of this year marking the 66th anniversary of this happy union, to which was born nine children, seven of whom are living and all present at their father's funeral. These are Sam, Jonathan, Charles, Oliver, William, Mrs. Ross and an unmarried daughter, Miss Mary, who lives at home.

Mr. Bonner became imbued with the spirit of the west in 1865, soon after the close of the war when so many good citizens from the old states were migrating and finding more attractive and profitable locations in Texas and Indian Territory. He first moved to Texas, but remained only a short time and removed to Arkansas, where he engaged in teaching and farming. Later he returned to Texas and after 20 years there he came to Indian Territory in 1887, where he has continuously lived on the same farm to what is now Marshall county.

Deceased was truly a pioneer in southern Oklahoma and was of that distinct character that added so materially in bringing the civilizing influences to the pioneer communities. He became a member of the Masonic Lodge of Bowden, Georgia, in 1861 and affiliated with the lodges of Texas and later in 1902 placed his membership with Oakland Lodge No. 74, which attended the body and presided with impressive ceremonies at the grave. He had also been a member of the Christian church for more than fifty years.

The deceased was widely known and greatly beloved by the people of Marshall county and in his death this section of Oklahoma loses one of its oldest and best citizens for he had done much in the upbuilding of Marshall county.

Sunshine Drives Away Last Evidence of Snow

OKLAHOMA CITY, Feb. 14.—(AP)—Sunshine early today was driving away last evidence of winter's second snow which fell in Oklahoma City and scattered portions of Oklahoma Monday afternoon and night, while light rains covered the rest of the state.

In the wheat producing counties of the northwest where droughty conditions have prevailed throughout the winter, "every little snowflake had a welcome all its own," according to joyful farmers. Additional moisture is yet needed at once over the section, it was said.

Dirt roads over the state generally were shown to be in poor condition following the rains, with oil field centers reporting the most heavy damage.

Revocable Permit Law Is Attacked in Suits

OKLAHOMA CITY, Feb. 14.—(AP)—Oral arguments on two test cases to determine the constitutionality of house bill No. 4, the revocable permit law passed by the tenth legislature, were being heard today by the state supreme court.

The test cases are those instituted by the city of Okmulgee and the city of Hugo, the Okmulgee case involving a gas franchise and the Hugo case an electric franchise.

Opponents of the measure claimed that the revocable permit law takes away from cities the right of control over granting, extending and renewing franchises of public utilities.

They claimed that the legislation is a step toward centralization, taking from the people the right of local self-government and placing it in the hands of three members of the corporation commission.

The law allows public utilities companies to surrender their franchises and obtain in lieu from the state corporation commission a revocable permit, some times referred to as an indeterminate franchise.
